

Essential Procedures for the Hospitalist: A Hands-On Experience
May 14, 2009

Course Directors:

Bradley Rosen, MD, MBA
Cedars–Sinai Medical Center

Sally Wang, MD
Brigham & Women's Hospital

Agenda:

- | | |
|--|--|
| 8:00 am - 8:30 am
[1:30 pm – 2:00 pm] | Introduction to Pre-Course and Proceduralist Concept
Bradley Rosen, MD |
| 8:30 am - 9:00 am
[2:00 pm – 2:30 pm] | Vascular Access and Wide Sterile Barrier (WSB)
Mark Ault, MD
A review of the regulatory requirements and mandates regarding safe access will lay the groundwork for this session. The techniques using ultrasound and wide sterile barrier will be discussed in detail. |
| 9:00 am – 9:50 am
[2:30 pm – 3:20 pm] | Hands-On Vascular Access, Ultrasound Guidance, and WSB
Attendees will practice demonstrated techniques using non-human tissue models. |
| 9:50 am – 10:00 am
[3:20 pm – 3:30 pm] | Break |
| 10:00 am – 10:40 am
[3:30 pm – 4:10 pm] | Non-Vascular Procedures (Paracentesis, Thoracentesis, LP, Skin Biopsy)
Sally Wang, MD and Jeffrey Barsuk, MD
This session will focus on paracentesis, thoracentesis lumbar punctures, and skin biopsy and will include a review of the important technical steps required to safely perform these procedures. |
| 10:40 am – 11:30 am
[4:10 pm – 5:00 pm] | Hands-On Procedure Practice, Ultrasound Guidance
Attendees will practice demonstrated techniques using synthetic models. |
| 11:30 am – 11:50 am
[5:00 pm – 5:20 pm] | Procedure Center—The Heart of a Proceduralist Operation
Bradley Rosen, MD
The central theme of this session will be a discussion and review of the infrastructure required to support a procedural service/proceduralist. |
| 11:50 am – 12:00 pm
[5:20 pm – 5:30 pm] | Q&A, Networking, Informal Hands-on Review, Procedure Kit Review, etc |
| 12:00 pm
[5:30 pm] | Adjournment |
