

SHM Disclosure of Organizational Support

The following list includes the Organizational support to SHM for the fiscal year 2010-2011 in the forms of Educational Grants, Corporate Sponsorships, and support of Research Grants that were recognized as revenue in the current year. The Society of Hospital Medicine (SHM) fosters, safeguards, and maintains independence in all its activities, programs, policies and positions. All support received and accepted is consistent with SHM's mission and is to the benefit of the hospitalized patient, hospital medicine and quality of care.
