Introduction ............................................................................................................................................. 12
Survey Process ...................................................................................................................................... 13
How to Use This Report ..................................................................................................................... 15
Statistical Interpretation – A User’s Guide ......................................................................................... 16

SECTION ONE: SUMMARY OF KEY FINDINGS

Hospital Medicine Group Demographics .......................................................................................... 21
Scope of Clinical Services .................................................................................................................. 23
Hospital Medicine Practice Staffing ................................................................................................. 25
Hospital Medicine Practice Schedules .............................................................................................. 28
Hospitalist Compensation and Benefits – Group Level Information .................................................. 30
CPT Code Distribution ...................................................................................................................... 33
Academic HMGs .................................................................................................................................. 35
Hospital Medicine Practice Finances ................................................................................................. 35
MGMA Hospitalist Compensation and Production Data ...................................................................... 36

SECTION TWO: HOSPITAL MEDICINE GROUP PRACTICE PROFILE

Things You Need to Know About Section Two .................................................................................. 41
Table 2.1 Responses Received ............................................................................................................ 41
Table 2.2 Sites/Total FTE Physicians, by State and Region ................................................................. 41
Table 2.3 Ownership/Employment Model ........................................................................................... 42
Table 2.4 Types of Patients Seen ........................................................................................................ 44
Table 2.5 Number of Hospitals Served ............................................................................................... 44
Table 2.6 Hospitalist Group Academic Status .................................................................................... 45
Table 2.7 Primary Hospital GME Program Status ............................................................................ 45
Table 2.8 Hospitalist Group Teaching Responsibilities ......................................................................... 45
Table 2.9 Proportion of Hospital Population Served .......................................................................... 47

SECTION THREE: HOSPITAL MEDICINE GROUPS SERVING ADULTS ONLY

Things You Need to Know About Section Three .............................................................................. 51

Scope of Clinical Services
Table 3.1 Services Routinely Provided ............................................................................................... 52
Table 3.2 Hospitalist Roles in Surgical Co-Management .................................................................... 55
Table 3.3 Hospitalist Roles in Medical Subspecialty Co-Management ................................................. 56
Table 3.4 Scope of Services ................................................................................................................ 57
HMG Staffing
